

LIFE - FOR - BANGLADESH

UK Registered Charity, No: 1176398

Join Us In Sharing The Good News Of Jesus In Bangladesh

Mission is central to everything we do at Life For Bangladesh. Through a number of programs, we aim to engage the youth of Bangladesh in serving their people and sharing the love and good news message of Jesus Christ. Through youth events we help the churches to train the young people and to keep them in the faith. We respond with relief aid following climate and health related emergencies.

We would love the opportunity to show you first hand what God is doing through our charity in Bangladesh. For starters here is a brief overview of our programs. Visit our website and Facebook pages for more information. Then why not think about visiting us and using your gifts to build God's kingdom in Bangladesh.

LIFE GROUPS

Across the country, mainly in rural areas, we have 70 Life Groups where young people meet to learn more about following Jesus. We host a weekly meeting on Zoom and provide teaching, worship, dance and engagement activities. Our aim is to involve them in the meeting and have them take part in the leading.

CONFERENCES

Once a year we run Regional Conferences to enable the young people to meet the other groups in their regions. This is important both for building their faith and for building relationships between the Groups. As the number of Life Groups increases, costs also rise and lead us to have to shorten or cancel the conferences.

HARVESTERS WORSHIP GROUP

Our worship group based at our headquarters in Amgram, take a leading role in all our meetings and conferences. Worship is important for bringing us into the presence of God. The contemporary worship style helps young people to relate and to engage. The Harvesters Worship Group members learn skills to bless their home churches.

SCHOOLS

We run three primary schools, where 250 children from all faith backgrounds receive a Christian education. Located on Baptist church compounds, we employ 12 staff to run and teach at the schools. With increasing costs, it is proving a test of faith to keep the school running and teachers to be paid fair wages.

TRAINING

With many new Life Groups it is important to provide training for the leaders, both to improve bible knowledge and leadership skills. Each year we run a national leadership training conference to meet this need. This encourages and motivates the leaders who in turn lead more effectively. We also on occasions run training for Women's rights, Worship Leading and Evangelism.

RELIEF

Following Monsoons, floods and pandemics, we are active in distributing food aid to those affected. If necessary we recruit local people in the affected areas to help distribute the aid. During Covid we provided food and health products to thousands of affected people, both Christians who were not receiving state help, and those of all faiths, some of whom were living on the streets.

Our registered UK and Bangladesh charities are managed by teams of Trustees mainly from Baptist churches. Our work and ministry, in response to the Great Commission, is to all denominations and to communities of all faiths who open their doors to us and to our Saviour. Our schools accept pupils from all backgrounds. When we visit Life Groups we are able to share our beliefs and the Good News message to the communities where they are based.

There are many ways in which you are able to join us in sharing the Good News of Jesus Christ in Bangladesh.

PRAYER: The most important thing is to pray for us, for our leaders, Life Groups, Schools and all the events, for men, women, boys and girls to come to know the Saviour Jesus Christ. Prayer releases God's power into our situations and makes the resources of heaven available to help and protect us. It is the very most you can do.

INVITE: We would love to visit your church or prayer group. Drop us an email or phone us to discuss dates. We can bring a presentation tailored to the time available, from a 10 minute slot through to a full hour of video and photos.

SKILLS: If you have skills in teaching or building, have you considered giving your time in service overseas? Join us in Bangladesh and see first hand how God is growing the ministry at this time. Visit our Life Groups and schools. A DBS check will be necessary together with suitable references.

DONATE: Our events are run in faith of God's provision. As the ministry, with God's blessing, continues to grow, and inflation hits Bangladesh, the costs continue to rise. Your gifts, however large or small will make a difference to young and old in Bangladesh. Most of our work is in rural areas where people live hand to mouth for a few pounds a day.

TRUSTEE OR MEMBER: We are looking for Trustees to serve in the UK and to help share our story with churches and prayer groups around the country.

LEGACY: Have you considered leaving a part of your estate, through your will, as an investment in Mission? Your kindness could make a serious difference to the finances of L4B and help us to achieve sustainability.

PARTNERS: We are looking for larger donors and sponsors to partner with us in funding the larger events, conferences and building purchases. As we grow, the costs are difficult for Trustees alone to underwrite. Your help in identifying sources of funding to enable us to continue to grow and build God's kingdom in Bangladesh will ensure the ministry continues through the next generation.

Here are some options to enable you to get more information about us and learn how to be involved in Mission.
